PULLINGAL SOORATH

FLUTTER DEVELOPER + UI / UX Designer

About Me:

Self-Learned Flutter developer with a passion for designing exceptional user interfaces and crafting engaging mobile applications. Skilled in Flutter framework design and UI development, I have completed various projects to showcase my proficiency. My ability to self-learn and adapt has been instrumental in my journey to a career in software development.

Work Experience

UI/UX Designer + Flutter Developer
Freelancing 2025-2026
I design user-friendly UI/UX in Figma and bring it to life with Flutter. I offer complete, end-to-end mobile app development for iOS and Android.

Junior Flutter Developer
Clovion Solutions Pvt Ltd 2024
Projects I have worked in

- E-Commerce Application
  - Payment Integration using Razor pay
  - Push Notifications
  - Geolocation Integration using Geolocator
- Successfully managed my position independently demonstrating strong self-reliance and problem-solving skills.

Other Experience

Flutter Development Internship
Brototype 2023 (8- Months)

- Completed an intensive Flutter development internship focused on self-directed learning with weekend mentorship.
- Participated in a challenging Flutter developer internship program, demonstrating strong independent learning skills through weekend review sessions.
- Thrived in a fast-paced Flutter development internship, mastering new concepts through self-study and weekend mentor feedback with a high-stakes evaluation process.

Projects:

- Chat Application (Flutter, Firebase, REST API).
- AI Chat Bot (Flutter, Gemini, Firebase)

Additional Information: -

- Successfully transitioned from a non-IT background to a career in software development, highlighting adaptability and a strong desire for personal growth.
- Strong self-learner with a passion for continuously acquiring new skills and knowledge to stay at the forefront of technology trends.
- Adept at Flutter framework design, UI development, and creating visually appealing user interfaces.

Projects Section UI/UX

Tools :

- Figma, Adobbe XD (For UI/UX Designing)
- Photoshop (For Logos, Icons Making, Photo Editing & other)
- Canva (Thumpnail, poster & pdf creation...)
- VS Code (For Programming)
